

MOTIF-DESCRIPTION

The freely accessible castle ruins are located about two km east of Ruppertsweiler. The castle rock is located on the summit of the north-eastern foothills of the Hummelberg. From here, there is a good distant view in the direction of Trifels and over the Palatinate Forest. On the other side of the panorama rock, the view extends to Ruppertsweiler and Münchweiler in the direction of Heltersberg. Within a 2-3 km walk, you can reach other distant viewpoints such as the Ringstein, the Rabenfelsen and the Maiblumenfelsen.
